

MESSAGE from the President

Curtis R. Johnson

The USA Section Board of Regents met April 29 through May 1 in Bonita Springs, Florida. Following the board meeting, two outstanding C.E. presentations were offered. On May 2, ICD Fellow Dr. Frank Serio presented the seventh seminar of a national "tour" on the ABCs of Humanitarian Volunteerism, sponsored tuition-free by the USA Section Foundation to all interested dental care individuals. If you have not had the opportunity to attend one of these superb presentations, you still have opportunities at future major dental meetings across the nation. If you have even a casual interest in volunteering your talents and expertise in a humanitarian effort here or abroad, this seminar is a must.

On November 30, Dr. Serio will present at the Greater New York Dental Meeting in New York City. Dr. David Frost will be the presenter at the Metro Denver Dental Society on January 23, 2015. Dr. Sam Molind does the honors on March 20, 2015,

at the Western Regional Dental Conference in Phoenix, and Dr. Frost will be the speaker at the Star of the North Meeting in St. Paul in April, 2015. Each of these Fellows has many years of experience and numerous volunteer efforts, and each is an energetic and vibrant speaker. See you there!

The second C.E. offering was held in Florida on May 3 and was presented by ICD Fellow and acclaimed endodontist, Dr. Diwakar Kinra. Dr. Kinra's scientific-grounded presentation on current endodontic procedures, protocols, and materials was informative and extremely pertinent to those of us involved with endodontic issues in our practices.

Prior to the C.E. events, the Board voted to realign the current USA Section committee structure. The number of Section standing committees will be reduced from seventeen to eleven. No services or programs were eliminated. Rather, committees were realigned to better reflect each program's focus on particular projects and services and eliminate duplication of efforts. Committees will be reviewed every two years by the Board with regard to current relevancy to the Section's core values and its strategic plan.

The USA Section Regents continued their dialogue in respect to increasing the number of new Fellows inducted each year. We vitally need the infusion of junior Fellows who will be active and engaging in our membership. Qualified dentists are all

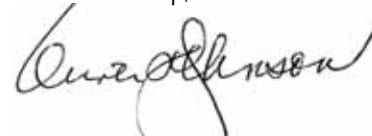

around us. I URGE every Fellow to identify at least one qualified candidate and sponsor him/her for ICD Fellowship. If this was to happen (and I believe it can!), this great College could be transformed into a College with the ability and the resources to achieve unbelievable goals.

It is hard to believe that my year as USA Section President is almost half completed. It is a fantastic experience. We have an outstanding Board of Regents, the best group of energetic and innovative individuals with whom I have been privileged to work. Registrar Carol Turner and her staff are unbelievably supportive. And, of course, the Deputy Regents, Counselors, and other chapter and district soldiers continue to be our foundation and our ultimate strength.

Take pride in your ICD Fellowship! Remember to share the honor of Fellowship in our great College by sponsoring other accomplished and deserving dentists for Fellowship.

Integrity, Leadership, and Service.

Yours in Fellowship,

Curtis R. Johnson, D.D.S., F.I.C.D.

We have had a very productive year and are looking forward to an even more exciting year

ahead of us. The goals and objectives outlined in the applied strategic plan (ASP) have set the course for alignment and focus for the Section. We are indeed seeing the fruits of our initiatives; so much so that we have already scheduled the ASP Review and Update session to continue the tremendous momentum. As a Fellow you are part of this amazing organization and its ongoing contributions to the profession of Dentistry.

What we are finding, as we expand into more areas where we can support dental needs and initiatives, is that the ICD Fellows in general are contributing in many ways, either locally or in teams that travel overseas. Many of our Fellows support their local Missions of Mercy Projects throughout the country. We have those that support specific groups like Indiana's "Operation Stand

Down" for veterans. Drs. Francis Serio, David Frost, and Samuel Molind have been providing wonderful symposiums on local and International Volunteer Dental Projects. We would love to let the other Fellows know of your support initiatives ...please send pictures and/or articles to PR@usa-icd.org.

I have read the Candidate Information packets of our incoming Fellows and can tell you we have an incredible amount of additional talent coming our way. Together all of the ICD Sections continue to provide a vast array of recognition and services to the dental profession worldwide. You are part of something "Grand."

Respectfully,

Carol I. Turner, D.D.S.
USA Section Registrar

Dr. Francis G. Serio presenting at the 2014 Spring C.E. Program on 5/2/14 in Bonita Springs, FL.

SEMINARS on VOLUNTEERING!

These seminars have been very successful with standing room only at many of the dental meetings across the USA these past two years. The next one will be held at the GNYDM. Please check our website for dates and locations at http://www.usa-icd.org/projects/HLC_projects.htm.
