Message from the President

Your Board of Regents has been very active in 2016. In January a fine group gathered in Gaithersburg, MD to renew our 2012 Applied Strategic Plan, resulting in the establishment of new and continued priorities, goals, and objectives for our future growth, success, and relevance to all Fellows.

For the first time, three honorary dental organizations - ICD USA Section, American College of Dentists and Pierre Fauchard Academy - held a joint C.E. Program on April 8 and 9 in Williamsburg, VA. Dr. John A. Svirsky, always informative and entertaining, presented on soft tissue lesions; and Dr. David W. Chambers and Dr. Lawrence P. Garetto gave a thought provoking, interactive course on ethical dilemmas that we all encounter. All who attended enjoyed the two morning sessions. The three groups also came together for discussion on issues as well as joint dinners. All had a delightful time getting to know each other and their respective organizations. Special thanks to ICD past District 16 Regent, Dr. William Bennett and his lovely wife, Karen, for being such wonderful hosts. Dr. Bennett, or should I say 'Patriot Bennett' as he was always decked out in colonial attire,

facilitated the groups in navigating the town, restaurants, and tours. To make sure I felt the aura of the colonial period, at the end of our Board meeting, Dr. Bennett graciously presented me with a colonial bonnet to wear for the rest of the events! All had a memorable, relaxing and fun time.

The Section continues its focus on Leadership and Humanitarian efforts at home and abroad. Several membership surveys confirm that our Fellows contribute generously to volunteer programs all over the world. The ICD Council is developing a worldwide interactive map of volunteer humanitarian projects and we need your help to complete this task. The Council would like each of you to search out any volunteer humanitarian projects (ICD affiliated or not) in your Districts/Constituents and let your Deputy Regent, Vice Regent or Regent know about the project for inclusion on this global map. It will be an asset for volunteers seeking a project that meets their needs anywhere in the world.

The ICD Student Experience Program continues to be one of the Section's most successful projects. This program provides dental students the educational and cultural enrichment necessary for professional leadership in the global community. The ICD USA Section provides grants to students and programs to help ease the financial burden of study abroad. This year eight schools participated, resulting in 19 grants. Interest in this program and our Global Student Health Association program is growing as students and academia appreciate the opportunity to learn about the profession in other countries.

Our Volunteer Seminars continue to be well attended and beneficial. To learn the nuts and bolts of volunteering, especially

in a foreign country, mark your calendar to attend one of these seminars. There are six left in 2016: June 16 at the Florida Dental Association Meeting, July 13 at the AGD in Boston, September 10 at the AAP Meeting, September 15 at the Ohio Dental Association Meeting, September 16 at the Virginia Dental Association Meeting, and in November at the Greater New York Dental Meeting.

Thanks to all who took the time to "Share the Honor" by nominating candidates for Fellowship. The Board is in the final stages of reviewing applications. Again we will be inducting a stellar class of extremely accomplished professionals. Join us in congratulating these candidates at their Convocation in the beautiful city of Denver on October 21, 2016. Registration and housing information can be found in this Key-Notes. Our room block closes on June 24 so register soon. We look forward to celebrating with everyone in Denver.

The Board of Regents is pleased to announce that the search for our new Registrar has been completed. On January 1, 2017, as we bid farewell to our exceptional and beloved Dr. Carol I. Turner, we will welcome aboard Dr. Elaine C. Wagner (Rear Admiral, US Navy). We look forward to her tenure. Her credentials and leadership skills will support our mission and core values of Integrity, Leadership and Service.

In Fellowship,

Margaret Culotta-Norton, DDS, FICD
President, ICD USA Section

INTEGRITY • LEADERSHIP • SERVICE

It has been a delight to watch the Section grow as much as it has. With that growth we are looking to expand our staff to cover the ever increasing needs of our www.usa-icd.org website, electronic KEY-Mails, and our District activities. Our new website is engaging and interactive. The online Candidate Nomination Process is a real move into the computer age for the staff and our Fellows, the ease of which has probably been a factor in the record number of Candidates. If you have not perused the website yet, please set up a new personal

login, password, and enjoy. You will be seeing our website capabilities continue to grow as the year unfolds...very progressive.

The Annual Session will be held in Denver, Colorado this year. We are all looking forward to our trip to the "Mile High" city. Our ICD Headquarters hotel is the Sheraton Denver Downtown; the Convocation and banquet are on Friday October 21, 2016. This year is particularly exciting because we will have the ICD International Council with us. The Councilors come from ICD Sections

all over the world and we are delighted to be hosting them. Hold the dates of May 1- 4, 2017, when we will be having our Spring meeting next year in San Juan on the beautiful island of Puerto Rico. The Hotel is the Caribe Hilton. Additional information to follow.

Respectfully,

Carol I. Turner, D.D.S.
USA Section Registrar

Special Pre-FOP Program "Life, Leadership and Legacy"

Date: October 20, 2016

Presenter: Dr. Robert L. Frazer Jr.

Location: Majestic Ballroom

Time: 2:30 p.m. – 3:45 p.m.

Candidates and Guests are invited to attend

As today's world continues to accelerate we move more and more from human beings to human doings. Those of us in leadership roles find it increasingly more difficult to maintain life balance. This content rich, entertaining presentation will help you explore three cornerstones of your life and life's work. You will clarify what matters most in each of these dimensions of your life - both as a whole person and as a committed professional. A central

theme will be the values-based, principle-centered life of success with significance. You will learn the six styles of star leaders and the five practices of exceptional leaders. And, you will be challenged to create a strategic vision of the best you and your organization can become. ICD Fellow Dr. Bob Frazer will have you laughing and perhaps even shedding a tear as he shares some of his life's trials and triumphs toward a life well lived.

ICD-USA Section Foundation Strategic Plan

The ICDF Board of Trustees approved a tentative draft of a 2017-2019 Strategic Plan for the Foundation at its Spring, 2016 meeting in Williamsburg. Final details need to be developed, discussed, and approved prior to the Fall BOT meeting. At that meeting an ICDF Strategic Plan will hopefully be approved. An ICDF Strategic

Plan will dictate how the ICDF uses both its efforts and resources. All of this will be in maintaining our commitment to helping others.

The following gives a brief description of some of the major highlights of the Strategic Plan proposal. I hope you will review this proposal and provide me with any feedback.

VISION

The ICDF is dedicated to improving oral health and the dental profession in the U.S.A. and the World.

MISSION

The ICD USA Section Foundation supports and promotes the educational, scientific, literary, and humanitarian efforts of the International College of Dentists' USA Section and other collaborating organizations and individuals.

GUIDING PRINCIPLES, VALUES, AND BELIEFS

- Oral health is essential to the quality of life and an integral component to overall health.
- The dental profession promotes the improvement of oral health.
- Excellence in dental education and lifelong learning is critical to the future of the profession.
- Dental humanitarian and educational services are important and should be promoted throughout the world.

CORE VALUES

Integrity/Leadership/Service

GOALS AND OBJECTIVES

1. We have an effective and efficient ICDF organizational structure
 - a. Review and update Foundation purposes and goals
 - b. Enhance functioning of ICDF
2. We provide financial support for both the humanitarian and educational activities of the USA Section and other collaborating organizations and groups

- a. Determine appropriate Section and ICDF activities to be supported
- b. Develop strategies to identify other non-Section activities to be supported
- c. Establish policy for disbursement of Foundation funds

3. We have the necessary financial resources to enable appropriate support

- a. Assess, enhance, and set goals for CURRENT fundraising efforts
- b. Develop, implement, and set goals for NEW fundraising efforts
- c. Assess current portfolio management policy and determine if changes are necessary
- d. Increase our corpus to \$2 million

4. We have state of the art communication and public relation strategies

- a. Establish state of the art ICDF website and database
- b. Incorporate the use of social media and electronic communications
- c. Assess and enhance our Public Relations strategies

5. We promote and support oral health and the advancement of the dental profession

- a. Support Volunteerism
- b. Promote and recognize dental journalism excellence
- c. Identify, recognize and support leadership and humanitarian efforts and accomplishments
- d. Support dental education and dental students
- e. Support appropriate clinical and research activities

I hope you will provide any feedback to me about your thoughts about our goals and objectives. We will have a plan that provides great specificity about exactly what action items are to be accomplished to meet our goals and objectives as well as who will be responsible and the time framework for completion.

As stated previously, a Strategic Plan will guide the ICDF in its allocation of effort and treasure. Our actions will be dictated by such a plan and therefore our focus will be strengthened.
