M. Pitkin Johnson, Jr

The GARY B. CLENDENIN AWARD is given each year to the student who earned the highest grade point average during her first year at BCDS. Presented by Deputy Regent Ed Morris, Melis Istar accompanied by her fellow student, Caroline, is greeted by Harry Dressel.

Melis is on right side of photo

Membership in our Maryland Chapter hovers between 90 and 95, and via the process outlined below, each Fellow should always be thinking of another worthy candidate to submit to the Deputy Regent.

Fellowship Process- Overview Refer to www.usa-icd.org to access the links and formats listed below:

Process Steps | Process Chart

The purpose of the International College of Dentists is to perpetuate the history of dentistry by recognizing those individuals, who have, by their actions, demonstrated conspicuous and meritorious service to the profession, their community, and their family. Any member, in good standing, may "Sponsor" a dentist within his or her local constituent for Fellowship.

The fill-in "Forms" necessary for the fellowship process may be electronically downloaded as a Adobe PDF file from this website and may be completed on your computer screen, then printed out; or they may be printed out as blank forms and then filled in by typewriter. They are the Sponsor Form and the Candidate Form. Handwritten copies are not acceptable, except for signature. The blank forms can be downloaded, easily typed into on your computer, and then must be immediately printed (They can not be saved with the information filled in) so they can then be sent in via mail.

Sponsor Form PDF format MS Word format

Candidate Form PDF format MS Word format

STEP #1 — MOST IMPORTANT !!

Please submit the name of the candidate to the Deputy Regent for the Constituent. The Deputy Regent will submit the name to the screening committee for the purpose of determining if the candidate is a member in good standing in the American Dental Association and has been a member of the dental profession for a minimum of five years. Upon receiving a favorable response, the process may continue.

BCDS Junior Student Leadership Forum

November 8, 2007

5th Annual Event sponsored by the Maryland Chapter of the ICD

ABOUT THE PROGRAM

This year, the Maryland Constituent of the International College of Dentists is pleased to present its annual program for the members of the Class of 2008 at the Baltimore College of Dental Surgery, Dental School, University of Maryland.

Recognizing that the commitment to leadership as applied to both personal and professional aspects of life is crucial, this program will provide students with the opportunity to engage in dialogue with some leaders within the dental profession. Fellows from the International College of Dentists host this program seeking to encourage students to achieve their full professional potential by understanding the importance of leadership.

If you have an interest in participating in this program in future years, please contact Jim Taneyhill.

-International Student Exchange

by

Michael M. Belenky, DDS, MPH, FACD, FICD, FPFA
Director, Global Outreach, University of Maryland Dental School

The ICD's International Student Exchange Committee, chaired by Regent W. Michael Kenney has just completed a new Manual for Program Organization and Implementation, designed to encourage and facilitate expanded Exchange participation among US dental schools and their foreign counterparts. The ICD's USA Section has printed the Manual and distributed it to the Regencies.

Dental Schools that will be "World Class" in the global community of the 21st Century must respond to more than traditional academic challenges of past years. They also must endow students with an appreciation for issues of global health and prepare them for professional leadership and contribution to oral health in the world -at-large. The ICD's International Student Exchange is one important step on the path to the future of dentistry in the community of nations.

For many years, students at University of Maryland's Dental School and their foreign partner institutions have benefited from the professional and cultural enrichment this reciprocal Exchange program adds to their education. Additionally, Maryland's Global Outreach Program annually arranges 2 -week reciprocal Foreign Dental Externships for Senior Dental Students who select exchange opportunities from among 15 schools in 12 countries. Approximately 25 percent of the Senior Class participated in the current academic year, visiting dental schools in Ireland, Mexico, Peru, Korea, and Vietnam. Interest in global dentistry is high among all students. Freshmen, Sophomores, and Juniors often volunteer to participate in humanitarian overseas dental missions during their vacation periods.

CALENDAR OF FUTURE ICD EVENTS

USA – Section 1 78th Convocation October 16–17, 2008
San Antonio, Texas

Maryland Chapter Annual Business Meeting November 2008
date to be announced

CEC Conference XXVI is still in the planning stages but will be held
IN BALTIMORE
March or April 2009
