

## ICD plans breakfast, will honor Distinguished Fellow

ICD's Annual Breakfast will be held Friday, July 11, 2008, at the WAC (during PNDC). We will recognize our incoming 2008 Fellows, Don Joondeph, Pollene Speed-McIntyre, Rob Merrill, Tar-Chee Aw, John Ames, Laura Williams, and Doug Jackson as well as our UW scholarship and leadership award winners.

Special honored guests this year will include Jack Clinton, Dean at OHSU and 11th District Regent and USA Section President Newell E. Warr of Salt Lake City and UW dental graduate.

### 2008 Fellow of the Year

We will also honor our 2008 ICD Distinguished Fellow of the Year, to be announced at the meeting.

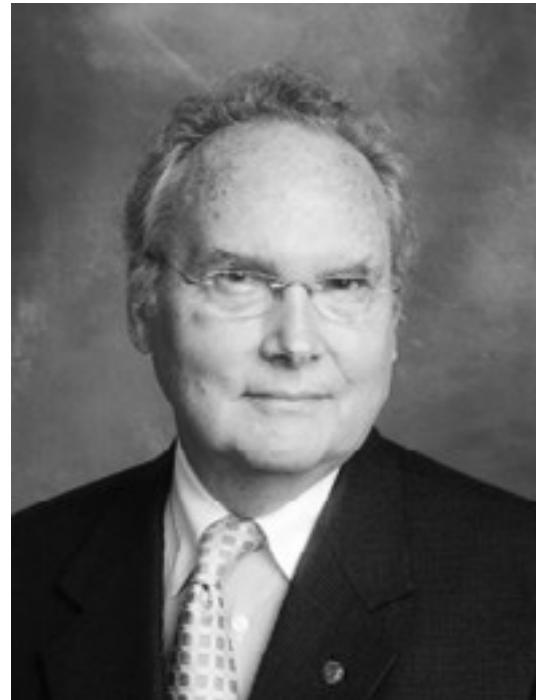

At its annual meeting in July of last year, the Washington Section named **Dan Middaugh** ICD Distinguished Fellow. A member of the University

of Washington Dental School faculty for most of his professional career, Dan served in many teaching and administrative capacities there, ultimately becoming head of the Continuing Dental Education program. He has also been busy as a leader in his component and state dental organizations and served as president of the Washington State Dental Association. He twice received the WSDA Presidential Award for service to his profession.

A long-time interest and a top issue of Dan's presidency was getting new dental grads to locate in rural areas of our state, where a high percentage of dentists are reaching retirement age. In recent years he has hosted an annual dinner for five dental student leaders at the University of Washington — class presidents and student body president — where he presents each with \$1,000 of his own money to recognize their service and encourage others to leadership roles. Dentists and dental students need look no further than Dan Middaugh to find a role model of what leadership and service to the profession are all about.

### ICD Peace Corps Volunteer Exams

One of ICD's major projects is free exams and x-rays for Peace Corps Volunteers. As a Fellow in the ICD, please sign-up to do complimentary exams and a fmx (or bwx and pan) for new Peace Corp Volunteers. If they need dental work beyond the exam, you may opt to do it at your normal

*Dan Middaugh, 2007 ICD Distinguished Fellow*

fees. Peace Corp volunteers will bring in the necessary paper work.

Seattle seems to have a large number of new recruits as the University of Washington has one of the highest volunteer rates in the nation.

So if you can help, go to [www.usa-icd.org](http://www.usa-icd.org) home page "Highlights—New Programs" or contact the ICD office at (301) 251-8861 or [maryjo@usa-icd.org](mailto:maryjo@usa-icd.org) to volunteer. You will not be inundated.

### ICD Honors Service to Profession

The purpose of the International College of Dentists is to perpetuate the history of dentistry by recognizing those individuals, who have, by their actions, demonstrated con-

## Colleges launch joint newsletter

The International College of Dentists, The American College of Dentists, and the Pierre Fauchard Academy have joined forces to support a newsletter publicizing respective college events to their members. This is the inaugural issue of what is projected to be a twice-yearly publication.

Leaders of the three colleges are encouraged to send news items, photos and announcements of upcoming events to Rich Mielke at [rjmielke2@comcast.net](mailto:rjmielke2@comcast.net) for inclusion in this newsletter.

# ACD nominates new regent, moves annual dinner to October

The WA Section of ACD is pleased to have had the opportunity to put forth one of our own, Dr. Terry Grubb, to replace outgoing Regent Dr. Tom Wickliff of Montana. Dr. Grubb is well known to all of us, having served as president of WSDA and as a vice president of the ADA. We look forward to having him as our Regent and enjoying the benefits of having him participate with us on a local level and bringing our issues and concerns to the national ACD.

Letters have been sent out to all the dental societies for nominations for our Outstanding Young Dentist award. If you are aware of anyone in

your local society who is deserving of such recognition, please call your local society's office and suggest that this person be nominated. The person selected will be honored at our annual dinner.

Speaking of our annual dinner, we have had to make a change. Due to the shortened nature of PNDC from being almost a full week (and therefore more evenings to choose from to hold our dinner without conflicting with other events), to a couple days, we have had to look at making a change. The evening we had chosen is actually the night of the WOHF Gala and Auction. The other evening is the Pierre Fauchard Academy's dinner. However, an opportunity has presented itself for us to partner with the UW School of Dentistry in October and we are excited about this as a new venue for us to hold our annual dinner.

As you all know, there have been many recent reported cases of cheating and other various concerns of professionalism and ethics in our dental schools across the country. While we are fortunate that such problems have not surfaced here at the UW, the School of Dentistry is not sitting idly by. They are proactively seeking to prevent such cases from ever happening. One of the new programs the UW is initiating this year is a lectureship on ethics and professionalism. The first lecture is scheduled for October 24, and our section has agreed to help support and sponsor it. Our annual dinner meeting will be at the Washington Athletic Club that evening following the lecture.

For those who are contemplating attending the lectureship and dinner and would like to consider spending the night at the WAC, a block of 10 rooms at a rate of \$219 has been set aside for you. If you are Husky fans, you might be even more interested in spending the night as they will be playing against Notre Dame the next day!

The annual selection process has started for identifying outstanding dental students to receive scholarships and awards from our Section of the ACD. These students will be recognized at our annual meeting in October. This is an extremely important part of our mission and your financial contributions in support of these students is greatly appreciated.

## Oldest National Dental Honorary

The American College of Dentists is the oldest national honorary organization for dentists. Its members have exemplified excellence through outstanding leadership and exceptional contributions to dentistry and society. In response to serious problems facing the profession, the ACD was founded August 20, 1920, to elevate the standards of dentistry, to encourage graduate study, and to grant Fellowship to those who have done meritorious work. The ACD is nonprofit and apolitical, and has long been regarded as the "conscience of dentistry."

Our mission is to advance excellence, ethics, professionalism, and leadership in dentistry. The College has played a vital role in positively shaping the profession.

spicuous and meritorious service to the profession, their community, and their family.

Any member, in good standing, may "Sponsor" a dentist within his or her local constituent for Fellowship.

Nominating New Fellows: Please submit the name of the candidate to the Deputy Regent (Jeff Parrish). The Deputy Regent will submit the name to the screening committee for the purpose of determining if the candidate is a member in good standing in the American Dental Association and has been a member of the dental profession for a minimum of five years. Upon receiving a favorable response, the process may continue.

## ACD invites participation in Practice Values Inventory

The American College of Dentists is gathering information to help improve dental practice and is asking for help with the process. If you are currently in practice, you are invited to take the anonymous online Practice Values Inventory. It only takes a minute or two and will provide ACD with very useful information.

To access the survey, go to <http://acd.org/> and click on Practice Values Inventory in the first paragraph under "Recent developments."

# PFA Washington Section to induct 13 new fellows on July 10

*Inductees pose with Pierre Fauchard Academy leaders at the 2007 meeting. From left are International President Charles Elle, John Henrikson, Todd Irwin, Sherwin Shinn, WA Section Chair Barry Feder, John Liu, Robin Henderson, Rob Merrill, Steve Hardyman, Laura Williams, and Region 5 Trustee Dan Castagna.*

*WSDA President Rhonda Savage addresses the attendees at last year's dinner meeting at the Washington Athletic Club.*

The Pierre Fauchard Academy meeting this year will be on July 10 at 6 p.m. at the Washington Athletic Club.

At the meeting 13 new fellows will be inducted, recognizing outstanding dentists and celebrating their achievements. The 2008 PFA inductees are John Carberry, Mike Buehler, Garrick Lo, Spence Jilek, Tom Sweeney, Andrew Vorono, Cindy Pauley, Blake McKinley, Katherine Hakes, Lorin Peterson, William Sharkey, Princy Rekhi and Michael Johnson.

The group's two 2008 student awards are the PFA Senior Student Award to Fourth Year student Lance Vander Giessen and the PFA Dental Student Scholarship to Third Year student Daniel Bakko.

### Support for Community Groups

Last year, **Washington Women in Need** and **Smiles Forever** each received a \$6,000 grant from the PFA at the request of the Washington State Section. This year the section has submitted a \$12,000 request that would enable the Washington Oral Health Foundation to purchase two informational

kiosks to use in conjunction with its work with the **Boys and Girls Club of America**.

### PFA Purpose

The Academy seeks to support the highest ideals of dentistry throughout the world in both ethical and moral practice, through service to the community, country and profession.

The **Tri-College News** is a joint project of the Washington Sections of the American College of Dentistry, the International College of Dentistry and the Pierre Fauchard Academy.
