Great Expectations

Be
There!

We will be having our first group meeting at the dental office of Dr. Pat Blanton, located on Cole Ave. just south of Knox St.

Dr. Blanton is providing pizza for us. Come with an appetite and any questions you may have for your mentors. Dr. Blanton will tour us through her office, we can get to know each other a little better and then talk more about situations facing you in dental school and throughout your dental career.

We are expecting everyone to be there for this fun and informative evening. We will keep the meeting to no later than 7:30.
