Message from the President

I would like to thank the Fellows of the USA Section for the honor of being their President in 2016. I am fortunate to follow so many dedicated leaders, including Immediate Past President Deck Barnes, who have guided this Section in implementing our core values of Integrity, Leadership and Service. With the enthusiasm and commitment of the Section's Board of Regents I am confident we will have a stellar year.

The USA Section inducted 305 New Fellows in Washington, DC with impressive credentials. I still remember that October day in 1997 when I was offered the hand of Fellowship. How excited and proud I was to be inducted. It is hard for me to believe that I will be that President who extends a hand to our new inductees this year in Denver, CO. I look forward to welcoming each new Fellow. Take a moment to remember how you felt when you walked across that stage, then think

about one of your deserving colleagues and share the honor by submitting his or her name for nomination. Fellowship always means more when you can enjoy it with a deserving friend and colleague.

2016 promises to be an active year for the USA Section. We began this year with a renewal of our five-year Applied Strategic Plan that was adopted in 2012, with the intention of establishing priorities, goals and objectives for our future growth and success and relevance to you, our members. Four years into this plan we are fulfilling many of our goals. We thank Fellow Dr. Robert Frazer for his generosity and facilitation of this renewal. It was an intense two days. Eighteen Fellows worked diligently to evaluate the original plan, make decisions to change, reprioritize and develop several new action plans to allow the Section to continue the forward momentum the 2012 plan initiated.

The Section continues to focus on Leadership and Humanitarian efforts both at home and abroad.

We encourage Fellows to mentor and introduce students to the importance of the global community. Interest in Section projects such as the International Student Experience, Global Health Student Associations, White Coat Ceremonies, Peace Corps and Fisher House projects are growing each year. Our Humanitarian Liaison Committee presents informative seminars on volunteer opportunities in the USA and abroad at major dental meetings throughout the year. More

information on these projects and seminars can be found on our new website www.usa-icd.org. Become involved and make a difference!

Mark April 8-9, 2016 on your calendars to join the ICD/ACD/PFA for a CE Conference in Williamsburg. Besides CE, there are a number of activities to take advantage of, including golf and tours of historic Williamsburg, Jamestown and Yorktown. Busch Gardens and Water Country are also nearby making this a destination for the entire family to enjoy. This is a great time to get to know the ICD leadership, see old friends and make new ones. Hope to see you there! Log onto our website for registration information.

Dr. Carol Turner, our Registrar for the past 7 years and Dr. Richard Galeone, our Editor for the past 12 years will both be retiring at the end of the year. Search committees have been appointed to find their replacements. We will miss their vision and devotion. They are extraordinary leaders and friends to all.

I thank my colleagues for giving me this opportunity to make a difference.

I am PROUD to be a Fellow in the International College of Dentists!

In Fellowship,

Margaret Culotta-Norton, DDS, FICD
President, ICD USA Section

INTEGRITY • LEADERSHIP • SERVICE

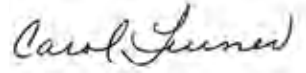

We have had another very productive year that we attribute in a large part to executing our Applied Strategic Plan (ASP). We just completed our ASP Renewal and are looking forward to an even more exciting year ahead of us. Our newly launched website is spectacular and growing with

us. The all-electronic Candidate Nomination Process is working well and this past November we had our largest induction class ever.

The Annual Session will be held in Denver, CO this year in conjunction with our College Council Meeting. We are looking forward to hosting the Council this year and always

enjoy seeing our other Section counterparts.

Respectfully,

Carol I. Turner, D.D.S.
USA Section Registrar

ICD Worldwide News–Henry Schein Cares

The ICD is collaborating with our strategic partner, Henry Schein Cares. Presently applications are being considered for the provision of dental materials and equipment for use in charitable dental treatment projects. The Global Product Donation program does not offer financial grants. The ICD Worldwide Council’s International Projects Approval Board will review applications for grants of equipment and materials which will then be delivered to the applicant by Henry Schein for use in charitable projects that qualify.

Projects demonstrating the possibility of achieving a sustainable improvement in oral health will be favored. Applicants must provide a specific list of the requested materials and explain how they will be used effectively. To apply, go to: www.icd.org/apply-for-grants and click on “Download the Grant Application Form here.”

Continuing Education Program & Golf Registration

Ethical Dilemmas in Action: A Video Tour with Analyses

Date: April 8, 2016

Presenters: David W. Chambers, EdM, MBA, PhD and

Time: 8:00-11:30 a.m.

Lawrence P. Garetto, PhD

This interactive course will utilize videos of professionally acted ethical dilemmas recently developed by ACD and Indiana University. Discussion will explore the analysis of the dilemmas, including basic concepts and

reasoning with general applicability to other situations. The dilemmas were developed by Dr. Chambers for dentists, and data have been collected allowing perspectives from both dentists and patients.

Come In and Catch It: The Review that Sticks

Date: April 9, 2016

Presenter: John A. Svirsky, DDS, MEd

Time: 8:00-11:30 a.m.

This interactive, informative, and entertaining soft tissue review course covers the recognition, diagnosis, and treatment of the 25 soft tissue lesions that every dentist and hygienist should know and treat appropriately. A number of the entities only require recognition. The

classic lesions that have been forgotten since school will be brought back to life, and your diagnostic confidence will be re-energized. Some interesting cases may pop up throughout the course.

These courses are presented by the International College of Dentists USA Section Foundation in cooperation with the University of Texas Health Science Center at San Antonio, an ADA CERP Recognized Provider. The courses have been planned and implemented in accordance with the standards of the ADA Continuing Education Recognition Program (ADA CERP). ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP neither approves nor endorses individual courses or instructors nor does it imply acceptance of credit hours by the boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at <http://www.ada.org/en/about-the-ada/contact/>

ICD-USA Section Foundation Message from the President

Photo L-R: Foundation President Theodore M. Roberson with 2014-15 Foundation President W. Michael Kenney

It is a great honor and privilege to serve as the ICDF President in 2016.

The ICDF is dedicated to supporting projects and activities that improve dental health. In order to do so, we need your help. We have approximately 6,000 US dentists who have been honored with ICD Fellowship and if we could get each Fellow to contribute at least \$100 in 2016 we would have the resources (\$600,000) to really “Be a Leader, Make a Difference”! The many ways you can contribute can

be found on our website: www.usa-icd.org/foundation. I would also encourage you to consider a larger commitment by becoming a Century Club member (\$100 per month for 5 years) and/or designating the ICDF as part of your estate planning.

Every organization asks for your support, so my ICDF appeal is not unique. But what is unique is that your designation as an ICD USA Section Fellow distinguishes you for your accomplishments and we want to amplify that distinction by being able to support important

oral health initiatives because of your support. Many of us may be retired, others may be reducing our work commitment, but all of us have greatly benefited from this great profession and should want to “pay it forward”, i.e. give back to make life better for others.

Your contribution can make oral health better in numerous ways by supporting projects such as: International Student Experience, Missions of Mercy and other clinical programs, Esperanza Center, Volunteerism seminars, Hope Smiles, Smiles on Wings, White Coat ceremonies, Student Humanitarian awards, and many others. But we have many very worthwhile ICDF grant requests that we cannot honor because of funding limitations. Your help can rectify that problem.

Thank you for your consideration.

A handwritten signature in black ink that reads "T.M. Roberson".
